

MILNGAVIE DENTAL CARE & IMPLANT CENTRE

Dental Implant Care from £49.50

It is important to care for your dental implants just as well as you would care for your natural teeth. Thorough oral hygiene measures are necessary to prevent diseases around the implants. With proper home care and regular professional support, you can maintain your new teeth throughout life.

Periodontal Assessment from £49.50

Periodontal (Gum) Rehabilitation

During any of our hygiene appointments we may feel that you require additional treatment in a bid to get your gums back to a healthy state. Periodontal health is different in everyone and we must assess this on each patient.

You will be informed about the charges before we carry out a detailed assessment and a written estimate will be given before the treatment.

Periodontal Maintenance from £75.00

Full Mouth Disinfection from £120.00

Please note: you can see our hygiene therapist separately on a regular basis even if you are not registered with the practice.

Hygiene Menu

Hygiene Menu

Classic Clean and Polish / Smile on the go

£49.50

During this appointment, you will be given targeted oral hygiene advice and ultrasonic scaling. This includes tartar removal which improves gum health and freshens breath. All finished off with a full mouth polish. This will leave your teeth feeling sparkling.

High Gloss Oxyjet Clean and Polish

£61.50 Light

£68.50 Heavy

Here you will experience all the components of the classic clean but with an additional Airflow® experience which removes stains from the surface of the teeth. Thus, giving a brighter smile with fresh breath and healthier gums.

Smokers Makeover

£95.00

At Milngavie Dental Care, we are trained to give smoking cessation, so if you wish advice on giving up smoking please ask our reception team.

The smoker's makeover aims to remove stains caused by smoking that are on the surface of the teeth. We use a combination of ultrasonic scaling, Airflow® and a high gloss finish polishing system to remove the stains and yellowing caused by smoking along with support in smoking cessation.

Foundation Clean (Before braces)

£52.00

During this appointment, we will give you targeted advice on the maintenance and care of your cosmetic braces.

Keeping your clear ceramic brackets clean is vital to maintain tooth and gum health. We will ensure you have the right advice to keep teeth and gums healthy. All tartar will be removed with our ultrasonic scaler which gives your mouth that fresh, just out the hygienist, feel. All this will be finished off with a smile brightening polish.

Syn Clean (while wearing braces)

£55.00

Sometimes life just gets in the way and we can neglect ourselves and our braces. If this is the case, book in for a motivational appointment to get you back on track. Just like our foundation appointment, we will give you advice on the care and maintenance of your clear brackets/aligner stubs.

We will then focus on the removal of any tartar around each bracket getting you back to having a healthy mouth. This will be supplemented with our air polishing system for hard to get areas.

Straight Teeth Clean (after braces are removed)

£55.00

Hoorah – you have wonderfully straight teeth. Now is the time to have a full ultrasonic scaling which will rid the little cuff around the teeth of any bacteria and remove any tartar which has built up during your cosmetic straightening therapy.

Oral hygiene advice will also be given to help maintain a healthy mouth. At the end we will give you our prestige polish which ensures all cement and stains are removed from your newly straightened teeth.
